Those present were Hon, J. N. Stubbs (chairman), Captain John Cussons, General Tainforro, member of Lee-Camp History Committee: Colonel W. P. Smith, of Lee Camp, and Colonel Thomas Lewis, of William Watts Camp.

There is a great deal of interest being manifested all over the southern States in regard to histories of the United States and of the late war, and an immense number have been submitted to the committee, among them the manuscript of the history of the United States by Mr. Howison. The committee received a letter from Mrs. Susan P. Lee in reference to her manuscript of a history of the United States how being prepared for publication.

It is very gratifying to the committee that such interest is felt and they feel confident that the result of this movement will be the production of books explaining and setting forth the causes of the war of secession and the vindication of the southern people in their actions, and at the same time to teach submission to the arbitrament of war and fealty to the government of the United States.

The committee hope to be able to complete a report and submit it to the Grand Camp of Virginia, which meets in Portsmouth on June 14th,

The committee dedourned until June 13th, when they will meet in Portsmouth at the office of Colonel K. C. Marshail.
